PATIENT BENEFITS

✓ Online Selection Tool

Patients who are genetic carriers can search by condition or gene name to find donors who tested negative for those conditions.

✓ Special Testing*

If your patient needs a donor to have special testing, it can be coordinated quickly and efficiently.

✓ 100% Refund

Patients are eligible for a 100% refund if they determine within 45 days that a carrier donor is not a suitable match.

* Testing is available for many conditions. Contact us for details.

CLINIC BENEFITS

Assisting your patients in finding a suitable donor

No other sperm bank does more testing.

- **All Donors since January 2018 have comprehensive genetic testing results**
- **Genetic Testing Summaries Online**
Donor testing results are available for easy download. Ready access to actual testing results makes finding a suitable donor quick and seamless.
- **Genetic Suitability**
We work with you and your patient to find an appropriate donor before vials are sent to your clinic.

NEW

Online Selection Tool: By Disease or Gene

Find donors tested negative for any of 500+ genetic diseases. Patients who are carriers can find a list of suitable donors easily.

ENHANCED
FEATURE

Acknowledgment of Genetic Risk

If there is an increased risk to your patient based on the donor's genetic testing results, both you and your patient will receive notification.

35+ YEARS'
EXPERIENCE

Genetics Expertise

Our Medical Director is a Clinical Geneticist. No other sperm bank has that level of expertise in house. Genetic counselors are on staff to assist as well.
