**When you choose
Fairfax Cryobank,
you are choosing
quality, reputation
and 40 years of
experience
building healthy,
happy families.**

Fairfax Cryobank offers a diverse selection of healthy, well-educated donors, who have been screened and tested to ensure the highest quality, donor sperm for our clients. Less than 1% of initial applicants are accepted to the donor program. Fairfax Cryobank does more infectious and genetic disease testing and screening than any other sperm bank; we are the only bank that performs DNA testing on semen for the HPV and herpes viruses.

The largest selection of donors with an expanded genetic carrier panel is available at our sperm bank. These donors are superior to non-tested donors (~70% of the population will find they are a carrier for 1 or more genetic diseases), as the risks are known ahead of time, and you can make informed decisions.

We offer credentials you can count on: FDA compliant, shipping to all 50 states and over 50 countries around the world; accredited by the Better Business Bureau (BBB).

Pregnancy Pledge

We're so confident that we can help you realize your goal of having a child that if after four attempts you're still not pregnant – we will give you a vial for free!

Credentials You Can Count On

Food and Drug Administration (FDA)
registered tissue establishment.

**State inspected
and licensed**

Finding Your Donor Match

Updated daily, our interactive donor search allows you to search by donor characteristics, background, and many specific attributes. Use **Fairfax FaceMatch®**, childhood photos, adult photos, medical and personal profiles, genetic testing profile, staff impressions, audio interviews, and many other tools available on the donor profiles to help you choose your donor.

If you choose an ID donor, your child has the option of obtaining the donor's contact information when they reach the age of 18.

Your search for the perfect donor just got easier:

01

Select your sperm donor using our online Donor Search: **www.fairfaxcryobank.com**

02

Place your order online or by calling **800-338-8407** or **+1 703-698- 3976**

03

We'll confirm your order, collect some information, and ship your specimens vials.

Comprehensive Services

What do they mean to you?

- **Innovation.**

With FaceMatch, find a donor who resembles the person of your choice by uploading your own photos.

- **Commitment.**

Purchase and store additional vials for future siblings.

- **Convenience.**

Ship to your doctor's office or to home.

- **Trust.**

Rest assured that we limit the number of families created using each donor's specimens.

- **Connection.**

Share and get updates at Fairfax Cryobank Family Forums online.

- **Access.**

Review your donor's full medical history, as well as any updates, online anytime.

To get started, visit:

www.fairfaxcryobank.com.

Still have questions?

Please call us at **800-338-8407** or **+1 703-698-3976**.

Storage Services

- ✓ **Choose now, use later:**
Guarantee availability by buying what you need now as well as what you might need in the future. Store with Fairfax Cryobank and you are eligible for a 50% Buy Back for vials you no longer need, or an exchange if you later prefer a different donor.
- ✓ **Store donor sperm, oocytes, and/or embryos:**
Monthly, yearly and multi-year options available.
- ✓ **Store your own sperm:**
Available for clients who are undergoing treatment or activities that may compromise semen quality.
